

**Existing Facilities Program
Program Opportunity Notice (PON) 1219 Rev.14
Revised December 2015**

SUMMARY OF REVISIONS

The following changes have been made to PON 1219, Existing Facilities Program:

Program Incentives:

- Program Opportunity Notice (PON) 1219 has been extended until **February 29, 2016**.
- Pre-qualified incentives are no longer offered.
- As of December 31, 2015, NYSERDA no longer administers the National Fuel Gas Rebates for small, non-residential customers whose facilities use less than 12,000 Mcf (thousand cubic feet) of natural gas per year. National Fuel has partnered with Willdan Energy Solutions to provide assistance to small business customers. To access this resource, e-mail RebateHelp@willdan.com or call 1-844-840-8095. Full program details can be found here: <http://nationalfuelforthought.com/commercial-small.html>
- Large Commercial Renewable Heat NY has been removed from PON1219. You can find those incentives at [Renewable Heat NY - NYSERDA](#).

Program Requirements:

- Only one site is allowed per Application.
- Master metered campuses will be reviewed for possible eligibility on a case-by-case basis.
- Other minor program clarifications have been added.
