

# NY Green Bank: Financing for Charging Infrastructure

NY Green Bank is a \$1 billion State-sponsored fund that finances clean energy and sustainable infrastructure across New York State with the goal of mobilizing greater private sector investment into the energy transition.

In addition to providing creative financing solutions for electric and zero-emission vehicle deployment, NY Green Bank capital is available to support the build-out of electric vehicle charging infrastructure in New York State. Learn more about where we get involved and what we can offer. Note that this is not an exhaustive list and we are always ready to discuss new ideas.

- **Transaction size:** \$2MM and above
- Market-rate financing
- Flexible, innovative solutions
- Able to bridge incentives from utilities, NYSERDA, etc.

## WE WORK WITH

- Charging manufacturers
- Charging infrastructure developers/installers
- Charging-as-a-service providers
- Purchasers of charging assets

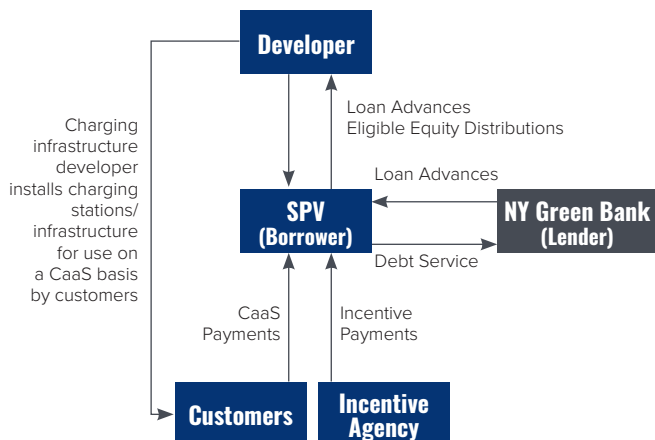

## WE CAN FINANCE

- Level 2 and DC fast charger (DCFC):
  - Purchase
  - Installation
  - Manufacturing
- Associated electric upgrades

## PRODUCT SPOTLIGHT

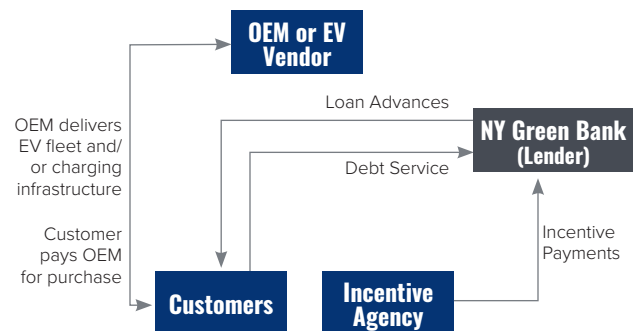

### FINANCING CHARGING-AS-A-SERVICE (“CAAS”)

NY Green Bank advances capital based on the present value of expected CaaS payments and incentive payments.

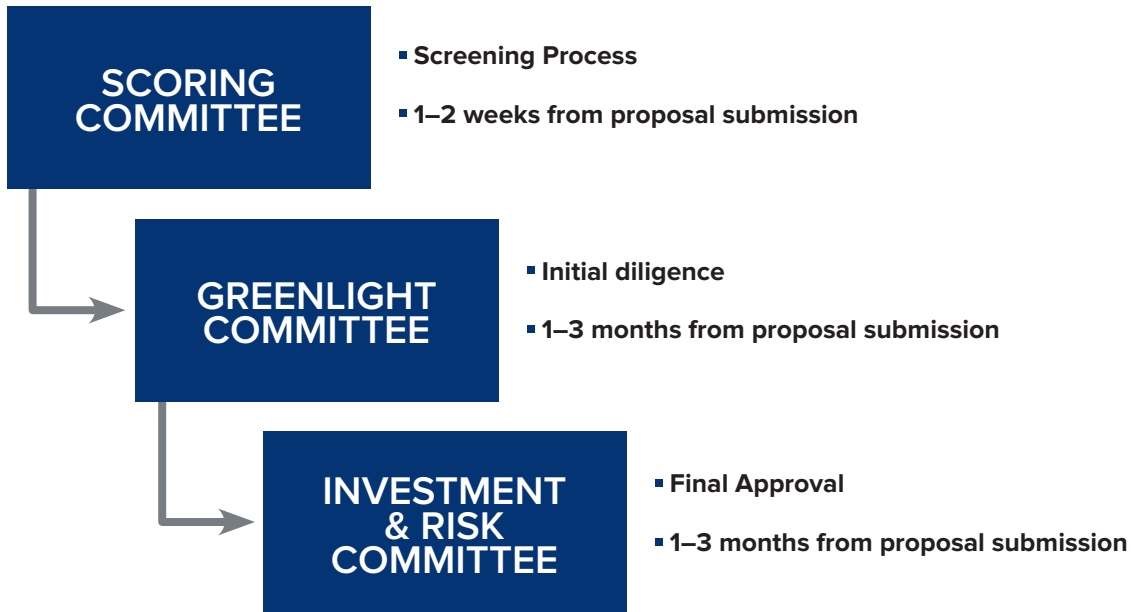

### FINANCING PURCHASES

NY Green Bank finances a customer’s charging infrastructure purchase; customer makes fixed periodic debt service payments to NY Green Bank.

## NY GREEN BANK INVESTMENT PROCESS
