

NY Green Bank: Community Distributed Generation

NY Green Bank is a \$1 billion State-sponsored fund that finances clean energy and sustainable infrastructure across New York State with the goal of mobilizing greater private sector investment into the energy transition.

From our first investment in community solar to today's mature market, NY Green Bank has played a pivotal role in scaling New York State's community solar financing market. Learn more about where we get involved and what we can offer. Note that this is not an exhaustive list, and we are always ready to discuss new ideas.

CDG PRIORITIES

We are primarily interested in financing community solar projects that align with our strategic goals.

- **SOLAR-PLUS-STORAGE**
Pairing storage with solar will create additional cash flows for the project and provide benefits to the State's grid.
- **LOW- TO MODERATE-INCOME SUBSCRIBERS**
We consider interest rate concessions for projects that benefit low- to moderate-income New Yorkers.
