Associate, Finance & Operations
NY Green Bank, New York City Headquarters

New York is leading the nation in the fight on global climate change and the transition to a clean energy-powered economy. The Climate Leadership and Community Protection Act (Climate Act) has created the most aggressive climate change goals in the nation and requires an ambitious agenda that blends proven catalysts with innovative approaches while operating across a broader energy arena that is rapidly evolving. New York State Energy Research & Development Authority (NYSERDA) is a driving force in realizing this agenda. NYSERDA works with stakeholders that span residents, business owners, developers, community leaders, local government officials, universities, utilities, investors, entrepreneurs, and more, to develop, invest, and foster conditions that:

- Attract the private sector capital investment needed to expand New York’s clean energy economy
- Overcome barriers to using clean energy at a large-scale in New York
- Enable New York’s communities and residents to benefit equitably from energy efficiency and renewable energy

JOB OVERVIEW
NY Green Bank (“NYGB”) is a globally recognized sustainable investment fund with the mission to accelerate clean energy and sustainable infrastructure deployment in New York State (“NYS” or the “State”). NYGB works to increase the size, volume and breadth of sustainable infrastructure investment activity throughout the State, expand the base of investors focused on NYS clean energy opportunities and increase market participants’ access to capital on commercial terms. To achieve these objectives, NYGB collaborates with the private sector to develop transaction structures and methodologies that overcome typical clean energy investment barriers and serve as replicable models for other capital providers. NYGB is a division of the New York State Energy Research & Development Authority (“NYSERDA”).

As of March 31, 2022, NYGB has invested more than $1.7 billion across a range of technologies including solar, wind, clean transportation, community distributed generation, energy storage, controlled environment agriculture, bioenergy, energy efficiency, and others. NYGB’s investment activities demonstrate that many of the financial market barriers to sustainable infrastructure projects in NYS are surmountable.

NYGB’s teammates are mission-driven, solutions-oriented professionals with:
- Deep credit, risk, strategy, and operational expertise
- Extensive project finance experience with a technical edge in clean energy and sustainable infrastructure finance

The team is committed to diversity, equity and inclusion and works with a wide range of clean energy market stakeholders with diverse interests and backgrounds – including through its effort to meet the goals of the Climate Leadership & Community Protection Act by investing in projects benefiting the State’s disadvantaged communities.

NYGB seeks a highly motivated individual with excellent organizational, writing, critical thinking, and quantitative skills to work with the Finance & Operations team. This position will report to the Managing Director of Finance & Operations. The Associate will work closely with a small team that manages NYGB’s portfolio, financial, general operations, treasury-related, fund administration, loan servicing, accounting, and financial reporting functions. The Associate will gain hands-on experience to a wide variety of activities, clean energy transactions and the underlying energy technologies.

PRIMARY RESPONSIBILITIES
